## METHODOLOGY WE ADOPT

For all the ISO Standards:

### STEP 01

We guide our clients on what procedures and systems they need to implement and adopt to reach the ISO Standards. Our qualified and certified assessors, will identify exactly what needs to be done by you and your team.

### STEP 02

Our assessors will prepare the required materials for you - a tailor-made solution.

### STEP 03

Once the documentations in #2 are in place our assessor will also review the internal systems to ensure they are in compliance.

### STEP 04

We will provide training to your staff to build their competency on internal audit.

**Jaranjaro** will assist you to be compliant with all the above 4 steps for certification. We will then bring in an international certification body to audit and certify you for standards that they do audit and certification.

We work with you until you are certified, this means it is our responsibility to guide you through
